## RESPECTFUL RELATIONSHIPS

### What is Respectful Relationships?

It is one session a week where students learn about equality and how to have successful friendships. The teachers model respect, positive attitudes and behaviours; that help students build healthy relationships, resilience and confidence.

### What are the topics they learn about?

There are 8 topics that students learn about over the year. This term, the students have been learning about emotional literacy.

### Topic 1: Emotional Literacy

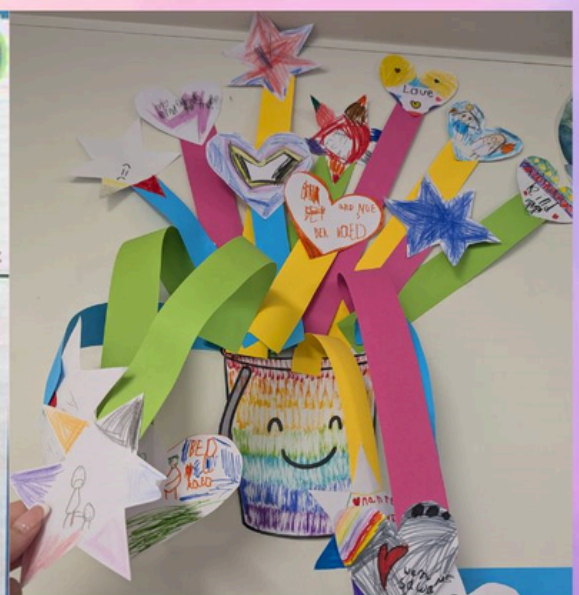

Emotional literacy, is where students learn about different emotions and how people's actions show that; through facial expressions, verbal / body language.

### What kind of activities teach about emotional literacy?

Naming situations that 'fill our cup' and make us happy.

What does it look like to be happy?
